FOR IMMEDIATE RELEASE
9 A.M. EDT, March 10th, 2008

Daniel Horrigan, Summit County Clerk of Courts, announced today that beginning March 10th, 2008, the Clerks office will now be accepting credit/debit cards for all transactions conducted at both the Legal Division and the Title & Passport Division. "My top priorities were instituting the credit/debit card program and how we can best serve our customers and the users of the office. With the implementation of this program I am able to achieve both of these goals" Horrigan stated. Since people use cash and checks less and less, it was a natural extension to start to use the cards. "I am excited by being able to offer the residents of Summit County and all the people who use our office another convenience in doing business with the County", Horrigan added. In the very near future we will be expanding to allow for on-line payments and payments made over the phone. If you have any questions please contact the Summit County Clerks office at (330)643-2211 or dhorrigan@summitoh.net.
