

## **New Groupings of Workers Compensation, Asbestos Cases Announced**

28 cases filed since February, 2003, have been identified in new groups selected and identified today.

Group 12 lists specific cases and starts the Case Management time clock running on June 7, 2004. It is anticipated that trials of these cases, using video testimony, will begin 175 days after June 7, 2004. The Management order also identifies other critical dates on the path to final disposition.

Group 13 is triggered to begin the pretrial schedule on June 21, 2004.

The specific cases in each group are identified in the court order filed in Miscellaneous Docket, Summit Clerk's office, civil case No. MS 2003 00 0022.
